ANNEXURE A – AMENDMENT HISTORY.....73

INTRODUCTION

The Delegations of Authority Register

The Delegations of Authority Register (“Register”) arises from resolution of the Macquarie University Council made on 8 December 2016 in accordance with Section 17 of the Macquarie University Act 1989.

The Register must be read in conjunction with the Delegations of Authority [Policy](#) and specifically the general principles of delegation contained within that Policy.

The Register will commence on 9 January 2017 and wholly replace the register of delegations made by the Council on 5 December 2013.

The Register is amended periodically in accordance with the Delegations of Authority [Policy](#). This version is:

Version 2.11 Amended by the Finance and Facilities Committee in accordance with the Delegations of Authority [Policy](#) on 28 May 2020.

The delegations in this Register revoke all previous delegations to the extent that they are inconsistent with those previous delegations. Previously delegated authority is not revoked unless it is inconsistent with this Register. Acts performed under previous delegations are not invalidated by the revocation of delegations of authority in this Register or any change to the responsible delegate and/or position description.

For the amendment history, see Annexure A.

Interpretation

- A delegation that contains the words ‘after consultation with’, ‘after endorsement by’, or ‘on recommendation of or from’ means that the delegation should not be exercised until the required consultation, endorsement or recommendation is received and considered.
- A delegation that contains the word ‘and’ means that the delegation should not be exercised unless the required parties have provided approval jointly or severally.
- A body, committee, officer or employee position (usually in acronym form) that is separated from another body, committee, officer or employee position by an oblique line (/) means that the body, committee, officer or employee position have equal status with respect to that delegation (e.g. VC/DVC).
- Where a delegate is required to possess special qualifications or training this is noted.

PRINCIPLES

The [Delegations of Authority Policy](#) specifies the following principles which must be applied when referring to the Delegations of Authority Register.

Delegation

- (a) A Delegation relates to the Delegate’s office, or position, not to the individual in that position. Similarly, where a Delegation is to a body by reference to the body’s title, it relates to the body acting as a body, not to individual members of the body.
- (b) A person duly appointed as a temporary or acting occupant of an office has the authority Delegated to the position in which they are acting, unless otherwise specified in the Delegations of Authority Register.
- (c) A Delegation to a position or to a body, if the position or the body is abolished, has a change in name or a change in structure, is to be regarded as referring to the successor to the functions of that position or body.
- (d) Unless the context requires otherwise or unless otherwise specified (for example, Band C+ or Band D+ approval levels):
 - i) a Delegation applies only to a Delegate’s accountability area; and
 - ii) the Delegation to approve includes the Delegation to rescind, vary or terminate.
- (e) A specific or particular Delegation will prevail over a general Delegation.
- (f) If the exercise of a function requires the exercise of some preliminary, incidental or ancillary administrative function, then the Delegation extends to the exercise of that function.
- (g) In the event of any inconsistency between a policy approved by Council or a resolution of Council which predates the Delegations of Authority Register, the Register prevails to the extent of the inconsistency.
- (h) A Delegate who is ultimately subject to the direction and supervision of the Vice-Chancellor through established lines of accountability is, in the exercise of Delegations, also subject to the direction and supervision of Delegates more senior than the Delegate in the lines of accountability.
- (i) Delegates more senior in the lines of accountability to a Delegate named in the Delegations of Authority Register may exercise a Delegation conferred on that named Delegate but only in accordance with its terms.
- (j) In exercising a function, a Delegate may seek appropriate advice in order to be properly informed. However, the Delegate must exercise the Delegation without any undue influence by any other body, committee, officer or employee.

Delegate band approval levels

- (a) In this Policy, the following band approval levels apply:

Band	Members
Band A++	Council
Band A+	Finance and Facilities Committee (F&FC)
Band A	Vice-Chancellor
Band B	Members of the Executive Group
Band C+	For whole of University financial expenditure and procurement expenditure: Deputy Group CFO For whole of University procurement expenditure: Group Director, Strategic Procurement For whole of University information technology expenditure: CIO For whole of University property and facilities expenditure: Director, Property

Band C	Unit heads who report to members of the Executive Group (excluding Heads of Department and Heads of Schools), and the General Counsel
Band D+	In their area of responsibility: Procurement Category Managers
Band D	Those identified by a Band C member as requiring such Delegation (i.e. Academic Level E / HEW 10)
Band E	Those identified by a Band C member as requiring such Delegation (i.e. Academic Level D or C / HEW 9 or 8)
Band F	Those identified by a Band C member as requiring such Delegation (i.e. Academic Level B or A / HEW 7 or 6)

(b) In relation to Financial Expenditure Delegations and procurement Delegations:

- the Vice-President, Finance and Resources (Band B), and the Deputy Group CFO (Band C+), may act on behalf of any organisational unit of the University in the absence of the Delegate, having verified due diligence of the procurement process.

(c) In relation to procurement Delegations:

- the Group Director, Strategic Procurement may act on behalf of any organisational unit of the University in the absence of the Delegate for an expenditure of less than or equal to \$1m (Band C+), following a due diligence process; and
- Procurement Category Managers may act in the absence of the Delegate for a procurement process specific to their area of responsibility for an expenditure of less than or equal to \$250k (Band D+), following a due diligence process.

(d) In relation to information technology Delegations:

- the Chief Information Officer (CIO) may act on behalf of any organisational unit of the University in the absence of the Delegate for an expenditure of less than or equal to \$1m (Band C+), following a due diligence process.

(e) In relation to property and facilities Financial Expenditure Delegations:

- the Director, Property may act on behalf of any organisational unit of the University in the absence of the Delegate for an expenditure of less than or equal to \$1m (Band C+), following a due diligence process.

Signing of documents

(a) A Delegate may sign any document which is necessary to give effect to their function or authority, including a legally-binding agreement (other than deeds), except where the authority to execute is specifically delegated to others in the Delegations of Authority Register. If a Delegate is a committee or other body and the body has authority to execute a document, the document may be executed by:

- i) the chair or their nominee; or
- ii) if there is no chair, a person whom the body resolves may execute the contract on behalf of the body.

(b) Notwithstanding the above, only employees and officers appointed under a formal Power of Attorney may execute deeds.

Calculating cost of a transaction

In exercising a Delegation with respect to a transaction, the Delegate must estimate the cost of the transaction as a whole, over the term of the transaction. For the purpose of making this calculation, the following principles apply:

- (a) a transaction must not be assessed in components or parts, such as instalments, tranches, or the cost of individual items;
- (b) the total gross cost of the transaction (excluding GST) must be estimated; and
- (c) no reduction may be made in respect of any set-off, trade-in or the like.

Authorised Agents

Delegates identified in section 2 (Finance and Property) of the Delegations of Authority Register are not permitted to authorise another officer or employee of the University to exercise their function as an Authorised Agent.

For Delegations listed in the remaining sections of the Delegations of Authority Register and where appropriate, the Delegate is permitted to authorise another officer or employee of the University to exercise their function as an Authorised Agent for or on their behalf if it is impracticable for the Delegate to act otherwise than through others, subject to the following:

- (a) the authorisation may be general or limited;
- (b) the authority must be given in writing signed by the Delegate and may be revoked in whole or in part in writing signed by the Delegate;
- (c) the Authorised Agent must exercise the authority in accordance with any requirements stated in the Delegations of Authority Register;
- (d) the Authorised Agent may, in exercise of that function, exercise any other administrative function that is preliminary, incidental or ancillary to the authorised function;
- (e) the Delegate remains responsible for ensuring that the authority is exercised properly by the Authorised Agent;
- (f) a function duly exercised by an Authorised Agent is deemed to have been exercised by the Delegate;
- (g) if a particular officer or the holder of a particular office is authorised to perform the function:
 - i) the authorisation does not cease to have effect merely because the person who was the particular officer or the holder of a particular office when he or she was authorised to perform the function ceases to be that officer or hold that office; and
 - ii) the person for the time being occupying or acting in the office concerned is taken to be the Authorised Agent; and
- (h) the Delegate may still perform a function even if they have appointed an Authorised Agent to do so.

Delegates will normally only appoint an Authorised Agent to act on their behalf where permitted, for a single exercise or in the short term. Refer to the Delegations of Authority Procedure for detail.

Conflict of interest

- (a) A Delegation or authority cannot be exercised where the Delegate or Authorised Agent has a conflict of interest. This includes, in particular, where the Delegate or Authorised Agent would obtain a personal benefit of some material kind.
- (b) Delegates and Authorised Agents must not approve matters including their own appointment, remuneration, payment or reimbursement, promotion, transfer or secondment, travel, absence or termination.
- (c) Delegates and Authorised Agents must not approve matters relating to family members and/or others with whom they have a close personal relationship.
- (d) In the circumstances outlined in 5.6 (a) – (c) the conflicted Delegate or Authorised Agent must refer the decision to their supervisor and must not exercise the Delegation or authority without the approval of their supervisor.

2. FINANCE AND PROPERTY

Introduction

This section specifies who has delegated authority to make key financial decisions. The delegations must be read in conjunction with the Guidelines on Commercial Activities (under review), as required by section 21B of the Macquarie University Act, 1989 noting that the Delegations of Authority Register is the source of authority for financial expenditure delegation limits.

Delegates must adhere to the Delegations of Authority [Policy](#) including the Principles which apply to the exercise of all delegations (refer pages 7 and 8 above).

In accordance with the Delegations of Authority [Policy](#), Delegates are not permitted to appoint an Authorised Agent for the exercise of any financial expenditure delegations listed in this section of the Delegations of Authority Register.

4. HUMAN RESOURCES

Introduction

This section confirms who has delegated authority to make key human resources (HR) decisions. The original sources of authority for HR decisions are:

- Council and
- Macquarie University Enterprise Agreements (EAs).

Delegates must adhere to the Delegations of Authority [Policy](#) including the Principles which apply to the exercise of all delegations (refer pages 7 and 8 above).

The following principles governing the exercise of delegation apply specifically to this section:

- in the case of inconsistency with the authorities defined in this Delegations of Authority Register and the EAs, provisions specified in the EAs prevail;
- the Delegations of Authority Register clarifies the authority for a majority of key decisions but is not an exclusive statement of all HR authority. Some delegations of authority may be stated in other resolutions of the Council and in other policies and procedures;
- the Delegations of Authority Register contains only the relevant authority(ies) for various HR decisions. It does not articulate the procedural requirements that need to be addressed prior to the authority considering the decisions. The procedural requirements are specified in the relevant policies and procedures;
- in instances where the delegate is Member of Executive Group/Head of Office/Faculty General Manager, the delegation is limited to the relevant portfolio;
- if the delegate considers a decision to be particularly sensitive or complex, the delegate is encouraged to refer the decision to the Director, HR; and
- where it is unclear as to who has the authority to make a HR decision, in the first instance the authority will reside with the Director, HR.
