

International Fee Refund Policy

Section 1 - Purpose

(1) This Policy specifies how Macquarie University will manage the refund of Tuition Fees and other administrative fees for fee paying International Students.

Background

(2) Education institutions delivering courses to international fee paying students are required to comply with the [Education Services for Overseas Students Act 2000](#), the [National Code of Practice for Providers of Education and Training to Overseas Students 2018](#) (National Code) and to meet their obligations under the Tuition Protection Service framework.

(3) This Policy specifies the conditions and timing for managing tuition fee and non-tuition Fee Refunds to enable compliance with the relevant legislation.

(4) This Policy supports the [Tuition Fees and Charges Rules](#).

Scope

(5) This Policy applies to fees paid to Macquarie University by international fee paying students for tuition charges, including [Global MBA](#) (GMBA) students.

Note: The GMBA is an online course, and therefore is not available for international students seeking to study, or studying, in Australia on a student visa.

(6) This Policy does not cover:

- a. students enrolled in the Master of Research (MRes) Program and Graduate Research candidates who are covered by the [Higher Degree Research International Fee Refund Policy](#);
- b. students who are enrolled at Macquarie University and are receiving funding under the United States Direct Loan program where there are specific regulations that overrule the provisions of this Policy;
- c. students who participate in the inbound Study Abroad program and who pay fees to a third party provider or home institution, will be subject to the refund policy of that provider or institution;
- d. fees for Overseas Student Health Cover (OSHC) payable to the University's Health Insurance provider. The Insurance Provider has their own refund policy that applies to fees paid by a student, sponsor or by the University on behalf of the student; and
- e. fees payable to any third party providers who deliver courses offered to students as part of a Packaged Program.

Section 2 - Policy

Eligibility for Refund of Tuition Fees and Other Administrative Fees

Part A - Where a Commencing Student Withdraws from a Course

(7) The Commencement Fee is a deposit, charged to fee paying International Students when they accept the offer of admission to the University.

(8) Where a Commencing Student withdraws from a Course prior to, or during, their Commencing Study Period and requests a refund of fees in writing, the University will deduct the following amounts:

Withdrawal Date	Deduction Amount
i. Prior to Commencement Date	20% of Commencement Fee
ii. On or after Commencement Date but on or before Census Date	50% of Commencement Fee
iii. After Census Date	100% of Commencement Fee

When the Commencing Study Period contains more than one (1) Study period, the Census Date of the first Study Period will be considered as the Census Date for the Commencing Study Period.

(9) Where a student was not charged a Commencement Fee or was charged a partial Commencement Fee (e.g. less than the Tuition Fee for the Commencing Study Period), the Tuition Fee payable based on Standard Full-time Study Load for the Commencing Study Period will be considered the Commencement Fee for the purpose of this Policy and will be refunded in accordance with the conditions in clause 8.

(10) Where a student is approved to reduce their study load due to compassionate or compelling circumstances (e.g. advice from a health professional) or academic grounds (e.g. units not available), the Tuition Fee payable based on the actual study load for the Commencing Study Period will be considered the Commencement Fee for the purpose of this Policy. Unspent credits resulting from approval of a reduced study load will be considered the Tuition Fees for the subsequent Study Period.

(11) Where a student is offered a partial University scholarship in the form of a discount towards the Commencement Fee, the Tuition Fee payable excluding any scholarship amount for the Commencing Study Period will be considered the Commencement Fee for the purpose of this Policy and will be refunded in accordance with the conditions in clause 8.

(12) Where a Commencing Student withdraws from a Course and provides documentary evidence that the application for a visa has been refused, the University may provide a full refund of the Commencement Fee paid.

(13) For the purpose of the refund Policy, a student who withdraws from the [Global MBA](#) or the Non-Award [Global MBA](#) unit(s) will be subject to clause specified in the conditions in clauses 26 and 27.

(14) Where a Commencing Student obtains permanent residency prior to Census Date and submits a 'Residency Verification Form' and accompanying documentary evidence prior to Census Date to notify the University of the change of residency, the student will be liable for the full fees applying to domestic students. The student may apply for a refund of the Commencement Fee paid and may be eligible for full refund of the difference between the Commencement Fee and domestic student fee. Where the student obtains Permanent Residency Status after Census Date or advises the University after Census Date, the student will be classified as an International Student for the remainder of that Study Period.

(15) Where a student has completed a Course in a Packaged Program and did not meet the entry requirements of the subsequent University Course, the student may be made an offer in an alternative Course for which they do meet the entry requirements. Alternatively, a student may apply to withdraw and will be eligible for a partial refund of the Commencement Fee paid toward the subsequent University Course as per the conditions in clause 8 (i).

(16) Where a student does not commence the Course and has not previously notified the University of their intention to withdraw from the Course, the student's offer will be withdrawn and the [Department of Home Affairs](#) will be notified by cancellation of the student's COE. The student will be requested to submit withdrawal and refund documentation and will be refunded in accordance with the conditions in clause 8 (i).

Part B - Where a Continuing Student Withdraws from a Course

iii. After Census Date	100% of Tuition Fees for the Study Period

(19) Where a Continuing Student is receiving a partial University scholarship in the form of a discount towards the Tuition Fees, the Tuition Fees payable excluding any scholarship amount for the Study Period based on Standard Full-Time Load will be considered the Tuition Fees for the purpose of this Policy unless the student was approved to reduce their study load for the Study Period.

(20) Where a Continuing Student is excluded from their Course and has already paid Tuition Fees for the first Study Period of their exclusion, they will be eligible for a full refund as per the conditions in clause 18 (i).

(21) For the purpose of this Policy, an International Student who withdraws from a Study Abroad Program is considered a Continuing Student and will be eligible for a refund as per the conditions in clause 18.

(22) For the purpose of this Policy, a student who withdraws from the [Global MBA](#) or the Non-Award [Global MBA](#) unit(s) will be subject to the conditions specified in clauses 26 and 27.

(23) Where a Continuing Student obtains permanent residency prior to Census Date and notifies the University with documentary evidence prior to Census Date, the student will be liable for the full fees applying to domestic students. The student may apply for a refund of Tuition Fees paid and may be eligible for a full refund of the difference between the international and domestic Tuition Fees. Where the student obtains Permanent Residency Status after Census Date or advises the University after Census Date, the student will be classified as an International Student for the remainder of that Study Period.

(24) Where a Continuing Student withdraws from unit(s) after Census Date and is automatically assigned a "Withdrawn" status (on or prior to the Last Date to Withdraw from a Unit Without Academic Penalty) or a "Fail Withdrawn" status (after the Last Date to Withdraw from a Unit Without Academic Penalty) for the unit(s), the conditions in clause 18 (iii) will apply.

The student will be requested to submit withdrawal and refund documentation and will be refunded in accordance with the conditions in clause 27 (i) for the English Language Commencement Fee paid. If the student accepted a Packaged Program, the student will be refunded in accordance with the conditions in clause 8 (i) for the Commencement Fee paid for the non-English Language Course.

(34) Where a Macquarie University College Student is granted permission to defer their studies, the English Language Commencement Fee may be held for a period of one (1) calendar year from the date of written application. (36) Alternatively, the Commencement Fee paid by the Student will be refunded in full within 14 days of the provider default provisions within Section 46D of the [Education Services for Overseas Students Act 2000](#) being reported.

(37) In the event that the Course ceases to be provided by the University after it has started but before the student has completed, or the University is unable to provide the Course in full as a result of a sanction imposed by a government regulator, the University will refund all unspent Tuition Fees, calculated as follows:

- b. make their full impact after the acceptance of the offer; and
- c. make it impracticable for a student to pass the unit or continue their study; and

(44) An International Student who withdraws from unit(s) after the census date and submits an application to withdraw from units without penalty due to special circumstances, and is successful in that application, will then be automatically assessed for reversal of Tuition Fees and notified of the outcome. More information is provided on the University [Withdraw Without Penalty](#) webpage.

(45) An International Student who requests a refund due to special circumstances must provide all documents at the time of the application and ensure these satisfy the [supporting documentation requirements](#).

Part H - Refund Procedure

Requests for refunds should normally be made within four (4) weeks of an event that qualifies the student for a refund.

(47) Students who seek a refund or Fee Reversal under special circumstances should refer to the conditions in clauses 42 to 45.

Part I - Payment of Refunds

(48) Payment of refunds will be made within four (4) weeks of receipt and approval of the International Request for Fee Refund form and any other relevant documentation, except for cases under the conditions in clauses 36 and 37, where the refund will be paid within 14 days.

(49) Payment will be made to an account in the student's name, in the student's country of permanent residence, except where:

- a. the student has a valid Australian visa beyond the conclusion of their program; or
- b. the refund amount is less than \$1,000 and the student has completed their program.

(50) Payment will be made by telegraphic transfer or electronic funds transfer (EFT) and will be made in Australian Dollars (AUD) or its foreign exchange equivalent.

(52) Where a student is receiving sponsorship or a scholarship and their tuition has been paid by that sponsor or scholarship body, the refund will be paid to that sponsor or scholarship body upon receipt of their invoice.

(53) In specific circumstances where the refund must be made to a third party, the student must apply for special approval. A letter giving the reason and consent for payment to the third party, as well as evidence that proves the relationship of the third party and the student, must be attached to the [International Request for Fee Refund Form](#).

Part J - Appeals

(54) If a student is not satisfied with the decision made on a refund / reversal of fees, they may submit a written appeal to the Deputy Vice-Chancellor (Academic) within twenty eight (28) days of the date of the refund decision. For an appeal to be considered, the appeal must address the University policy or procedure that was not correctly followed or provide additional documentary evidence that was not available at the time of the original request.

(55) The student will be informed of the result of the appeal within fourteen (14) days of the appeal being received by the Deputy Vice-Chancellor (Academic).

(56) This agreement, and the availability of complaints and appeals processes, does not remove the rights of the student to take action under the Australian Consumer Law if the Australian Consumer Law applies.

Part K - Students Ineligible for a Refund

(57) Where a student has funds in their account due to a Fee Reversal (see clause 63(r), Section 5 - Definitions), these can only be used to pay Tuition Fees and other administrative charges. Funds received due to a Fee Reversal are not available for a Fee Refund (see clause 63(q), Section 5 - Definitions).

(58) A student who has funds in their account and is not completing their studies in the current Study Period will not be eligible for a Fee Refund unless specified in one of the conditions of this Policy or special consideration is requested by the student and agreed by the University. The credit will remain in the student's account and will be allocated towards Tuition Fees for the subsequent Course.
