- c. they are not supported by appropriate documentary Evidence;
- d. the student has already undertaken or submitted the assessment task.

(8) Applications made on behalf of a student by an external representative will only be accepted in cases where the student is incapacitated.

(9) In the event of illness or significant disruptions during an examination or timed assessment, students must promptly cease their work. If the incident occurs in a classroom setting, they must inform the supervisor or invigilator immediately. If the disruption takes place outside the classroom, it should be reported immediately to the appropriate course authority. Subsequently, students are required to submit an application for special consideration.

(10) Students who have already submitted an assessment or participated in an examination or timed assessment without reporting any issues during the assessment process will only be considered for a second opportunity to undertake that assessment only under exceptional circumstances. The decision to grant a second opportunity will be evaluated on a case-by-case basis, with careful consideration given to the nature and validity of the exceptional circumstances that significantly affected their performance in the initial assessment. A statement of fact cannot suffice as evidence in such cases.

(16) The assessment of whether a student's circumstances were serious and unavoidable is made at the administrative level according to a pre-approved set of criteria described in the [Special Consideration Supporting Evidence Schedule](#). Professional staff processing an application may seek input from the relevant academic staff when assessing an application, if necessary.

Outcomes

(17) If an application for Special Consideration is accepted, the University will attempt to provide the student with an opportunity to undertake the affected assessment or an alternative assessment in order to demonstrate that they have met the relevant learning outcome(s) of a unit or units.

(18) Outcomes of an application for Special Consideration may include:

- a. no action (including where an application fails to meet the requirements of this Procedure or the [Special Consideration Policy](#);

In submitting a Special Consideration application, the student is acknowledging that they may be required to undertake alternative work. The time and date, deadline or format of any required alternative assessable work as a result of a Special Consideration application is not negotiable. In submitting a Special Consideration application, the student is agreeing to make themselves available so that they can complete any alternative work as required.

- c. a supplementary examination;

Other than in exceptional circumstances only one (1) opportunity for a supplementary examination will be provided.

- e. marks derived from other completed assessment tasks being aggregated or averaged to achieve an overall mark;
- f. second opportunity;

If a student is given a second opportunity to undertake an assessment as per clause 11, the mark obtained in the subsequent attempt will replace the original results for that assessment, regardless of whether it is higher or lower.

- g. in exceptional circumstances, the final mark for the unit being excluded from calculations for Honours, WAM, or Academic Standing; or
- h. in certain circumstances where the student has demonstrated circumstances or events that are serious, unavoidable and significantly disruptive but the University determines that Special Consideration is not possible for the assessment affected, a recommendation that the student apply to [Withdraw without Penalty](#). The student must determine whether to apply to [Withdraw without Penalty](#) or accept the outcome where no alternative assessment can be provided.

Withdrawal of Special Consideration Application

(19) Once the student has submitted a Special Consideration application, the student may not withdraw the application and must accept the outcome as determined.

Notification of Special Consideration Application Outcome

(20) The University will aim to communicate the outcome of a Special Consideration application to the student's email address within five (5) working days of receipt of the application and all necessary supporting Evidence.
